

MINI BACCARAT

HOW TO PLAY

Mini Baccarat is an elegant, simple game to play. There are only two decisions you have to make. How much you want to bet, and whether to bet on the Banker or the Player. If you bet on the bank, simply place your bet in the area closest to your marker "Banker." Likewise, if you bet the Player. The Casino will collect five percent commission of all money won on the Banker.

As for the game itself, Mini Baccarat is played with eight decks of cards. Any card from 2 to 9 has it's face value. Ace equals one. All 10s and face cards, or any combination of them, have no value. When the total of the cards exceeds nine, the first digit of the total is dropped, because in the game of Mini Baccarat, all hands must be a single-digit number from 0 to 9. So, 7+4=1, Queen+Ace=1.

The game begins when four cards are dealt alternately from the shoe: the first card to the Player, the second card to the bank, the third card to the Player and the fourth card to the bank. If the point count of either hand is 8 or 9, it is called a Natural and no additional cards are drawn. The cards are dealt according to set rules. There are no options regarding drawing the third card for either the Player's or Banker's hand. The Dealer announces the point count of the Player's hand and the Banker's hand and the Dealer will draw additional cards when appropriate. All bets must be placed before the Dealer calls, "no more bets" and the cards are dealt. No more than one additional card will be drawn to each hand. The hand closest to 9 wins and is paid at odds of 1 to 1.

TIE BET

An additional bet you may make is a Tie Bet (that the two hands will end in equal totals). A winning Tie Bet pays 8 to 1. If both Player's and Banker's hand result in identical totals, it is a Tie Hand and the Tie Bet wins; neither Player nor Banker win or lose.

BANKERS RULES

When the Players stand on 6 or 7, the Banker will always draw on totals of 0, 1, 2, 3, 4 and 5 and stand on 6, 7, 8 and 9. When the Player does not have a "Natural" (8-9) the Banker shall always draw on the totals of 0, 1 or 2, and then observe the following rules: These charts describe the fixed rules governing the drawing of additional cards.

DRAGON BONUS®

Is an optional side wager for Mini Baccarat that does not change the drawing rules or commission structure.

Players have two ways to win:

When their selected hand (Player or Banker) for the Dragon Bonus wager is a Natural winner; or when their selected hand wins by 4 or more points. With Non-Natural winners, the larger the margin of victory, the larger the payout. Players must make the Dragon Bonus wager before the Dealer calls "no more bets." The Dealer will then deal the traditional Mini Baccarat hand according to house procedures. When the hand is over, the Dealer will reconcile traditional Mini Baccarat wagers according to the house procedures.

The house will remove losing bets immediately and then pay winners. Notes on Naturals:

- Natural winners pay even-money on the Dragon Bonus bet.
- In the event of a Natural that ties, the Dragon Bonus pushes.

In the event of a Non-Natural that ties, the patron loses.
